

CS249, Winter 2024  
Project Proposal  
Due February 20th, 11:59 pm

Describe your project in 1-2 pages by answering the following questions:

- What is the problem that you are trying to study?
- What is the motivation behind studying this problem?
- How does it relate to topics covered in the class?
- What is the dataset that you are going to use to study this problem?
- What methods do you anticipate using in your study?

You are free to work in teams of 1-2 people. If you are working in a team, submit the name of all your teammates in your submitted document. Each team needs to submit only one proposal.
